

**First Church in Windsor
Lucille Hempel Parker Scholarship Application**

The Music Scholarship Fund was established by Lucille Hempel Parker, a choir member who had a great interest in the arts and those that pursue the arts. The Fund is administered by the First Church Music Committee. Applications may be submitted and awarded at any time during the year. Recipients for the year are announced in Church on the second Sunday in June, Children's Sunday.

The following guidelines are used by the Music Committee in determining awards:

1. Scholarships are awarded for music lessons, purchase or maintenance of a musical instrument, tuition for music education courses, and other expenses in pursuit of a musical interest.
2. Only applicants who have a sincere interest in music will be considered.
3. Scholarship funds are available to children and adults, regardless of age.
4. Preference is given to members of First Church in Windsor and to children of members.
5. Financial need is only considered if the applicant requests this consideration in the application. Financial data is not required. Just check the "Yes" box above the signature line.
6. Award recipients must be willing to participate in a musical performance at First Church, either ensemble or solo, at some point during the year.
7. After reviewing an application, the Music Committee may request additional information, such as a reference from the applicant's music teacher, if required to make its decision. Letters of reference do not have to be included with the application.
8. Applicants are encouraged to keep their responses brief. Additional pages may be attached if necessary.
